McLACHLANS 1800 - 2002

DISCLAIMER

The information contained in this booklet was searched out through history books, grave sites, phone calls, knocking on doors, etc., but most of the information was submitted by many family members. These people took their time to contact other family members, collect the information, and send it in to us. We are sure you are aware that sometimes different sources submit different information on an individual. Wherever there was a discrepancy, we have tried to include the most "reasonable" choice.

THANK YOU

Our deep gratitude goes out to all those family members who worked so hard at helping us find all this information. We know it took a lot of your time and effort to accomplish this, and we sincerely thank you for that. To those family members who went the extra mile for us, we are indebted. This archive of the 2000 "McLachlans" we have found so far, could not have been put together without everyone's contribution. Pat yourselves on the back for a job well done.....we are proud to be related to you!

Some of the photographs in this book did not reproduce well, but please enjoy them anyway for the history they represent.
All photographs read left to right.

What an outstanding group to work with! Our reunion organizers were loyal to the cause and it was an honor to work with them.....and fun, too! Everybody's lives are busy, but these extra-ordinary people still attended regular meetings and followed up on their tasks in between the meetings. Without their sincere dedication and hard work, this family reunion would not have been possible. We take our hats off to them! Please give them a pat on the back when you meet them!
Working together on this McLachlan reunion, gave us all a wonderful opportunity to thoroughly enjoy being in each other's company and to renew our relationships with each other. May you also share in the pleasure of renewed relationships and the enjoyment of building new ones, and may you return safely to your homes with the indescribable warm feelings that only "family" can give.

Research has shown that there were undoubtedly more than one McLachlan coat of arms. The two we show on this page are reported to have been used by our ancestors.

This first one was unique to the early McLachlans. It is quartered and described as: 1st quarter) gold background with a red attacking lion; 2nd quarter) silver background with a red right arm, severed and placed horizontally, holding a black cross patty; 3rd quarter) silver background with a black galley, sails furled and banners flying in a sea naturally coloured; 4th quarter) gold background with a swimming salmon. Above the shield and helmet is a crest which is described as “out of a gold ducal crown, a lion’s head jagged, naturally coloured.”

This coat of arms is representative of the MacLachlans around 1200 AD. The story goes that Alexander II demanded tribute from all the local chiefs “by the fastest messenger”. Lachlan Mor (“Great Lachlan”), a powerful 13th century chieftan, then tied bags of money to the horns of a roebuck and sent it on its way to the king....that’s why the roebucks support this MacLachlan coat of arms. It also bears a royal galley to represent the MacLachlans who were seafarers.

The Traditional MacLachlan territory is in Argyllshire, around Lachlan Bay, and Strathlachlan on the eastern shores of Loch Fyne. Today it is a very small area of about 11 miles long and about 1 ½ miles wide. The MacLachlans took part in the crusades after which many members entered the priesthood. By the 1400s, the Campbells were the most powerful Argyllshire family and the MacLachlans formed close ties with them and many married Campbell women. Various spellings of the name exist today such as McLachlan, MacLaughlin, MacLachlin, etc.

Please send my
Letters Patent for N.H.

West of Principal Meridian
To Memmossa P.O.
Edward M. Lachlan

In the matter of the North West
Quarter of Section Number Thirty Six
in Township Fifteen Range Twenty
West of the principal meridian in
the North West Territory in the
Dominions of Canada.

North West Territory

To wit } I Daniel McLaughlin
of Township Fifteen Range Twenty West
of the principal meridian in the said
North West Territory, January, 1880,
solemnly declare that;

1. On making enquiry in September
last at the Dominion Lands Office for
the Little Saskatchewan district in
regard to the above mentioned land,
I was informed by the then agent that
one Patterson had prior thereto been
entered for same but that such entry
had been cancelled, and on my
stating to him that I did not wish to
have anything to do with it if any
person had any claim to it he in-
formed me it was vacant and "in
the Government's hands" and that any
person, as well as I, was at liberty to
enter for it.

2. Thereupon I entered on the tenth
day of September last past for said
land for the purpose of securing for
myself a homestead right thereat
under the provisions of the "Dominion
Lands Act."

3. On the strength of such entry and
of my securing such right I claim

to business for my family and on
 or about the eighteenth day of May
 last past settled with them on said
 land and ever since they have
 constantly resided there in an
 tent and I have made some very
 heavy things I have been working a
 considerable portion of the time with
 Mr. J. S. Demitage in order to obtain
 means to support my family and
 enable me make improvements on
 said land.

4. I commenced breaking on said
 land last autumn but succeeded
 in getting only a little over half an
 acre broken before the frost set in,
 and this spring I arranged with my
 brother who resides in the vicinity
 to have him break two acres and
 put up a fence thereon for me, but
 on being informed of the claim of
 Mr. Patterson's representatives to the
 land I stopped him working, after
 he had broken a little over half an
 acre.

5. I had also negotiated with one
 John Irving for the purchase from
 him of a set of horse logs to build
 upon said land but on being in-
 formed of said claim as aforesaid
 I withdrew from the bargain.

6. I have planted this season on
 said land about a quarter of an
 acre of potatoes for the use and
 benefit of myself and family.
